First Step for Next Year's Research: Review the names below. Which do you recognize? Consider exploring several people's impact upon world history. By the third week of school, you will be asked to choose one.

When considering a name below, be sure to preview enough information to know if you will want to immerse yourself in research about them for most of the school year.

This link will take you to a website created by Mrs. Zemba, our librarian. It will help you begin to explore possibilities.

Could You *Live* at the Library?

The suggestions on Slide #2 are most important, but do you crave even *more* reading *suggestions*? Here are some texts that we would have read in World Civilizations I this year if we could have added time. Each is a classic that will enhance your understanding of the world.

Remember, these are **not REQUIRED**, only suggested!

If you would like to check out copies of any of these from CHS before leaving for summer, email Ms. Scott at kascott@fcps.edu. You can return copies in August.
